Little Bhutan

Big Experience...

Please feel free to share any comments or suggestions that you may have:

I have decided that Bhutan puts the 'B' into Beautiful!
I have had the most amazing time! This is thanks not only to your wonderful country, ~~but~~ and its culture, but in a very large part to my guide, Ugyen, and driver, Tshering, who have been absolutely ~~for~~ fantastic. They have looked after me so well and have been excellent company - I shall miss them. Also, both were full of knowledge and were able to answer all my many questions. I feel I have learnt so much about Bhutan through them. Ugyen was a brilliant guide and Tshering a very good driver - I felt 100% safe in his hands. A big thank you to them both.

I have no suggestions that could have made my trip any better, everything was perfect for me - from the booking process which Terzin made so easy, answering every email promptly and precisely and tailoring my trip to exactly what I wanted, to the reality of being here. The whole experience has exceeded any expectations I may have had.

I love this country, not just for its beauty but for its amazing history, its forward, alternative, clever thinking and its retention of culture. Everyone seems so proud to be Bhutanese and rightly so. I also love the whole ethos of the religion.
I could go on and on but out of space! All that remains to
